EFFECTIVE DATE NOTE: At 77 FR 47317, Aug. 8, 2012, § 635.2 was amended by revising paragraph (b)(4), effective Jan. 1, 2013. For the convenience of the user, the revised text is set forth as follows:

* * * * *

(b) * * *

(4) When the fishery for a shark species group and/or region is closed, a fishing vessel, issued a Federal Atlantic commercial shark permit pursuant to § 635.4, may not possess or sell a shark of that species group and/or region, except under the conditions specified in § 635.22(a) and (c) or if the vessel possesses a valid shark research permit under § 635.32 and a NMFS-approved observer is on board. During the closure period, an Atlantic shark dealer, issued a permit pursuant to § 635.4, may not first receive a shark of that species group and/or region from a vessel issued a Federal Atlantic commercial shark permit, except that a permitted Atlantic shark dealer or processor may possess sharks that were harvested, offloaded, and sold, traded, or bartered, prior to the effective date of the closure and were held in storage. Under a closure for a shark species group, an Atlantic shark dealer, issued a permit pursuant to § 635.4 may, in accordance with State regulations, purchase, trade for, barter for, or receive a shark of that species group if the sharks were harvested, offloaded, and sold, traded, or bartered from a vessel that fishes only in State waters and that has not been issued a federal Atlantic commercial shark permit, HMS Angling permit, or HMS Charter/Headboat permit pursuant to § 635.4. Additionally, under a closure for a shark species group and/or regional closure, an Atlantic shark dealer, issued a permit pursuant to § 635.4, may first receive a shark of that species group if the sharks were harvested, offloaded, and sold, traded, or bartered from a vessel issued a valid shark research permit (per § 635.32) that had a NMFS-approved observer on board during the trip sharks were collected.

§ 635.29 Transfer at sea.

(a) Persons may not transfer an Atlantic tuna, blue marlin, white marlin, roundscale spearfish, or swordfish at sea in the Atlantic Ocean, regardless of where the fish was harvested. Notwithstanding the definition of “harvest” at § 600.10, for the purposes of this part, transfer includes, but is not limited to, moving or attempting to move an Atlantic tuna that is on fishing or other

gear in the water from one vessel to another vessel. However, an owner or operator of a vessel for which a Purse Seine category Atlantic Tunas category permit has been issued under § 635.4 may transfer large medium and giant BFT at sea from the net of the catching vessel to another vessel for which a Purse Seine category Atlantic Tunas permit has been issued, provided the amount transferred does not cause the receiving vessel to exceed its currently authorized vessel allocation, including incidental catch limits.

(b) Persons may not transfer a shark or a sailfish at sea shoreward of the outer boundary of the EEZ, regardless of where the shark was harvested, and persons may not transfer at sea a shark or a sailfish taken shoreward of the outer boundary of the EEZ, regardless of where the transfer takes place.

§ 635.30 Possession at sea and landing.

(a) *Atlantic tunas.* Persons that own or operate a fishing vessel that possesses an Atlantic tuna in the Atlantic Ocean or that lands an Atlantic tuna in an Atlantic coastal port must maintain such Atlantic tuna through offloading either in round form or eviscerated with the head and fins removed, provided one pectoral fin and the tail remain attached. The upper and lower lobes of the tuna tail may be removed for storage purposes as long as the fork of the tail remains intact.

(b) *Billfish.* Any person that possesses a blue marlin, white marlin, or roundscale spearfish taken from its management unit or a sailfish taken shoreward of the outer boundary of the EEZ or lands a blue marlin, white marlin, or roundscale spearfish in an Atlantic coastal port must maintain such billfish with its head, fins, and bill intact through offloading. Persons may eviscerate such billfish, but it must otherwise be maintained whole.

(c) *Shark.* (1) In addition to the regulations issued at part 600, subpart N, of this chapter, a person who owns or operates a vessel issued a Federal Atlantic commercial shark permit under § 635.4 must maintain all the shark fins including the tail naturally attached

to the shark carcass until the shark has been offloaded from the vessel. While sharks are on board and when sharks are being offloaded, persons issued a Federal Atlantic commercial shark permit under § 635.4 are subject to the regulations at part 600, subpart N, of this chapter.

(2) A person who owns or operates a vessel that has a valid Federal Atlantic commercial shark permit may remove the head and viscera of the shark while on board the vessel. At any time when on the vessel, sharks must not have the backbone removed and must not be halved, quartered, filleted, or otherwise reduced. All fins, including the tail, must remain naturally attached to the shark through offloading. While on the vessel, fins may be sliced so that the fin can be folded along the carcass for storage purposes as long as the fin remains naturally attached to the carcass via at least a small portion of uncut skin. The fins and tail may only be removed from the carcass once the shark has been landed and offloaded.

(3) A person who owns or operates a vessel that has been issued a Federal Atlantic commercial shark permit and who lands sharks in an Atlantic coastal port, including ports in the Gulf of Mexico and Caribbean Sea, must have all fins and carcasses weighed and recorded on the weighout slips specified in § 635.5(a)(2) and in accordance with part 600, subpart N, of this chapter. Persons may not possess any shark fins not naturally attached to a shark carcass on board a fishing vessel at any time. Once landed and offloaded, sharks that have been halved, quartered, filleted, cut up, or reduced in any manner may not be brought back on board a vessel that has been or should have been issued a Federal Atlantic commercial shark permit.

(4) Persons aboard a vessel that does not have a Federal Atlantic commercial shark permit must maintain a shark in or from the EEZ intact through landing with the head, tail, and all fins naturally attached. The shark may be bled and the viscera may be removed.

(d) *Swordfish*. Persons that own or operate a fishing vessel that possesses a swordfish in the Atlantic Ocean or lands a swordfish in an Atlantic coast-

al port must maintain such swordfish in round or dressed form through offloading.

§ 635.31 Restrictions on sale and purchase.

(a) *Atlantic tunas*. However, no person may sell a BFT smaller than the large medium size class. Also, no large medium or giant BFT taken by a person aboard a vessel with an Atlantic HMS Charter/Headboat permit fishing in the Gulf of Mexico at any time, or fishing outside the Gulf of Mexico when the fishery under the General category has been closed, may be sold (see § 635.23(c)). A persons may sell Atlantic tunas only to a dealer that has a valid permit for purchasing Atlantic tunas issued under this part. A person may not sell or purchase Atlantic tunas harvested with speargun fishing gear.

(3) Dealers or seafood processors may not purchase or sell a BFT smaller than the large medium size class unless it is lawfully imported and is accompanied by a bluefin tuna statistical document, as specified in § 300.185(a) of this title.

(4) A BFT in the possession of a dealer or seafood processor is deemed to be from the Atlantic Ocean. However, a BFT will not be deemed to be from the Atlantic Ocean if—

(i) It was landed in a Pacific state and remains in the state of landing, or

(ii) It is accompanied by a bluefin tuna statistical document, as specified in § 300.185(a) of this title.
